L. Tytler in respect thereof, and of the said drainage being as follows:—

CHILLIWHACK, B. C., 1st September, 1891.

To the Reeve and Council of Chilliwack:

GENTLEMEN: Having been instructed by your honourable body to make an examination and survey of the Big Prairie for the partial draining of the same, and to form a scheme complying as far as possible with the views of the settlers as petitioned for by Messrs. Newby, Chapman and others, I beg to report that I have made such examination and survey, and I recommend that the work be done as follows:—

1st. That the Suniault be cleared of all weeds and logs throughout the whole breadth of the present channel, and that this weeding be effectively done by grubbing out the roots.

2nd. That the two bars in the channel of the Suniault, known as its upper and lower bars, be cut, and that the channel at these places be widened to fully 20 feet, with an extra average depth of one and a half feet.

3rd. That the channel at the head of the stream be straightened by cutting across a series of bends, in all 1,540 yards in length, giving this new channel an average width of ten feet, and an average depth of four feet.

4th. That the McCutcheon drain be cleared out, and that 770 yards at the upper end be lowered according to section given to an average depth of two and one-quarter feet, and a mean width of 12 feet.

5th. That a small catchwater drain 4,200 yards in length, 2 feet in depth, and an average width of two and one-quarter feet be cut. The earth from this cutting to be made into an embankment of one foot in height on the side of the ditch opposite the Chilliwack, beginning this ditch at the centre of section 8, going north through the centres of section 17 to the south line of section 20; thence following the line of the Indian Reserve in sections 20 and 19 to the Chilliwack River.

6th. That the McGuire drain, which runs from the foot of the hills at the south-east corner of the south-west quarter section of section 23, along the dividing line of sections 22 and 15 to the Suniault, and including the extension to the north-east quarter section of section 16 be cleared out and deepened three quarters of a foot at the head, and one foot at the mouth, grading evenly between.

7th. That the Bailey drain running from the foot of the hills between sections 8 and 9 to the Suniault (with which I associate the drains to the right and left of it on the McGuire Road to the extent of a quarter section each way, for the reason that these two ditches flow into this drain) be cleaned out, and that the above drain on the McGuire Road, and that portion of the Bailey drain from the McGuire Road to the Suniault be sunk one foot, and that from the McGuire Road south for a distance of 440 yards the Bailey drain be cut four feet in depth, and an average of four and a half in width.

8th. That the drain known as the Prairie Central, commencing at the Upper Prairie Road, and running thence between sections 23 and 26, 22 and 27, 21 and 28, 20 and 29 to the Suniault be cut to sections chosen by the settlers on this drain and sanctioned by the Council, as follows:—First mile from the Suniault, depth 5 feet, average width, 7 feet; 2nd mile, depth 5 feet, average width 6 feet; 3rd mile, depth 5 feet, average width 5 feet.

9th. That the drain known as the Chilliwack Central, commencing at a point close to the south-east corner of the south-east quarter section of section 33, and running between sections 28 and 33, 29 and 32, and cutting across the north-west corner of the north-west quarter section of section 29 to the Suniault, be cleaned out and lowered one foot.

10th. That the Lindell drain, running from the foot of the hills between sections 15 and 16 to the McGuire Road, be left as it is, as it fulfils the requirements of the present scheme.

I estimate the cost of the above as follows:—

This sum I assess, as in the annexed schedule, against the lands benefitted and using the drains and Suniault River as outlets. The work as a whole is to be kept in repair and maintained at the expense of the lands assessed for the work herein reported; all the said lands paying in the same relative proportions as for said work.

I have the honour to be,
Gentlemen,
Your obedient servant,
FREDERICK J. L. TYTLER,
